Design And Build

We inspire opulence and finesse through our creative and detailed approach to our projects
Homes-Your ideal home is sometimes hard to come by when you're looking around on the housing market - which is why it's all the more beneficial to consider having your dream home designed and built for you! We believe that design and build services don't have to be expensive - and we ensure to keep you and your needs at the very heart of the process every step of the way.

From complete new builds to redesigns and restructuring, our team has the expertise and the know-how to get your ideal home up and running. No design or plan is too complex - we love a challenge, and the best thing about designing your own home is that you get to see it all come together in real time. It's a fantastic experience, and if you are in need of renovation, refurbishment or simply an entirely new look for your property, our experts can help.

PROJECT MANAGEMENT

PROJECT MANAGEMENT

When it comes to building your dream bathroom or kitchen, you sometimes need to start from scratch - and this can be easier said than done! With a reliable and comprehensive fit-out service, however, you can transform a relatively empty shell or space into a fantastic, eye-catching room in no time at all. Our kitchen and bathroom fit-outs are renowned for not only looking great and offering practical space, but come at an affordable rate and with your input welcomed at all times.

Our team will be happy to analyse any existing space you may possess and will help you to decide upon the best kitchen or bathroom designs for you and your family. Whether you'd like to opt for a contemporary design, a more ornate feel or even something completely unique, our kitchen and bathroom fit-outs come in a range of sizes, shapes and colours. It's safe to say that the fit-out process is altogether more streamlined in terms of design and installation, meaning that we can consult with you and install your chosen design within days. For a quick turn-around at an affordable rate - and with superb, professional results - you really can't go wrong.

We pin down the following:

- Project management
- Construction Management
- Dispute resolution
- Client's representative
- Contract administrator
- Drone and Goetech Surveys
- Building control submissions
- Site Establishment
- Project Costing estimations

SERVICES APPROACH

ENSURING EFFECTIVE DELIVERY

COORDINATION

We structure our teams to enhance interaction with clients throughout the course of our work. Every team blends strong project management and client service skills with high-level quantitative analysis and solutions delivery. Each client is allocated a coordinator that acts a dedicated channel between the client's mandate and the consultation delivery, ensuring dedicated execution and delivery to the client's needs

PRACTICALITY

All of our work must meet rigorous standards of relevance and usefulness to our clients, as well as high quality. We work closely with clients to translate complex concepts and data into clear business cases and compelling, credible arguments. We also employ a vigorous and continuous training and development model, that is qualified by assessments for all our team members to ensure continuous, consistent and quality delivery to our clients.

ACCESS

Verbinex builds and maintains close strategic relationships with specialized experts from academia, industry, and government. This ensures that our clients have access to the people and ideas that will make a real difference in addressing their problems. Our consultants use a variety of quantitative methodologies in our work, including structured market research, business case study and case verifications.

RESPONSIVENESS

We work in highly flexible team, so we can assign just the right talent to every challenge. We rapidly scale resources to meet scheduled audits, verification, inspection dates, or planning deadlines.
